

RUSSIAN FLEET IS ANNIHILATED

In the Yellow Sea--Japan is Making Persistent and Successful Attacks on Port Arthur

THE RUSSIANS ARE FLEEING FROM THE CITY

Russian Baltic Fleet is Leaving for the Far East--Japan Sustains Her First Naval Reverse--China may Send 200,000 Boxers into Manchuria.

Choo Foo, February 12th--6 p. m. The injured Russian cruiser Novik, which was successfully brought into the inner harbor on Tuesday afternoon was hailed with tremendous cheering by the Russians owing to the fact that Novik had been reported sunk by the Japanese torpedo boats.

London, February 12th--It is reported that Japan has been bombarding the Russian fleet and forts at Port Arthur continuously and that the Russian squadron has been practically annihilated.

Several Japanese torpedo boats were lost in the Port Arthur attack and their crews drowned or imprisoned.

China is ready for an emergency, and may send 200,000 Boxers into Manchuria.

A Japanese squadron is watching for Russian warships from Singapore. The Japanese tried to make a landing near Port Arthur but the troops were repulsed.

(Bulletin Special Dispatch.) Choo Foo, February 12th--Out of the four Japanese torpedo boats which made the first attack on Monday night at Port Arthur three were sunk with great loss of life. The fourth was a twenty-eight knot boat and escaped. The Japanese torpedo boats effected an entrance into the outer harbor

using the Russian signal flash lights; consequently the Russians did not fire on them.

JAPANESE ATTEMPT TO LAND.

On Wednesday the Japanese tried to land at Pigeons Bay near Port Arthur. Thirty-six Japanese vessels were there and it is not known if the attempt succeeded.

FLEEING FROM PORT ARTHUR.

Thousands of persons are leaving Port Arthur daily by train. There is not standing room on the cars at four o'clock this afternoon. The Russian transport Smolens and torpedo boat No. 211 entered the canal. Torpedo boat No. 222 has broken down and is repairing here.

RUSSIAN FLEET ANNIHILATED.

New York, February 12th--The Russian fleet in the Yellow Sea in and around Port Arthur has been practically annihilated. Cables to the American newspapers received at midnight confirm the reports that twelve Russian ships of war have been disabled, destroyed or captured. Five battleships have been smashed. Three cruisers have been destroyed. Four gunboats are either crippled or captured.

London, February 12th--An unconfirmed report has been received here that Port Arthur has been captured by the Japanese. The city is in flames from the cannonading of the Japanese warships. This report although unconfirmed as yet, is probably correct.

ATTACKS ON PORT ARTHUR.

Three distant attacks have been made on Port Arthur. In the first three Russian ships were torpedoed, in second fight the forts and ships were engaged by the Japs when three more ships were disabled. In the third attack four Russian cruisers were sunk. In the last onset the Japs sustained their first loss at sea. Three Japanese torpedo boats were sunk and their crews were drowned. Casualties on the other Japanese ships were fifty killed and one hundred wounded.

BALTIC FLEET MOVING.

London, February 12th--In a dispatch from Copenhagen a correspondent of the Daily Mail says--"The Russian Baltic squadron of 15 warships yased through Danish waters to-day enroute for the far east around Cape Skagen, but as a fierce storm was raging in the North Sea the Russian admiral ordered the squadron through the Kaiser Wilhelm canal."

BOMBARDMENT OF PORT ARTHUR.

Shanghai, February 12th--1.55 a.m. The bombardment of Port Arthur continues steadily. Three Russian cruisers have been sunk and the Russian bank buildings have been destroyed.

FIRE BRIGADE MEETS.

The annual meeting of the Edmonton Fire Brigade was held in the Fire hall last night. There was a large attendance of firemen. The appointment of T. G. Lauder as chief was confirmed. The names of J. Johnston, H. Nash, R. O. Jackson and Wm. Barnhouse were received in nomination for assistant chief. The election will take place at a later meeting. W. H. Heathcote was unanimously appointed secretary-treasurer. It was decided to ask for a grant of \$250 and 75 cents an hour during fires from the city. The city was requested to raise the teamster's wages to \$60 a month. An excellent report was received from the secretary, which will appear in tomorrow's Bulletin.

TARIFF REVISION.

To the advocates of a change in the tariff policy of this country in the supposed interests of the manufacturer the following interview given by John A. Bain of the Bain wagon company to the Toronto News, is respectfully commended for consideration. Mr. Bain was asked if he favored a revision of the tariff. He replied:

"I am in favor of a revision as soon as the wagon manufacturers of Canada can take care of more trade. From \$150,000 to \$230,000 worth of American wagons come into Canada now yearly. The money should be paid to Canadian workmen, but Canadian wagon manufacturers cannot do any more at present than they are doing, and it would be a hardship to the people of the Northwest to deprive them of the American wagons until the Canadian manufacturers can take care of the trade."

The gentle consideration shown for the interests of the Northwest farmer by Mr. Bain is especially touching. He will not ask for a tariff that will keep out United States wagons until the Canadian manufacturers have caught up with their orders, but when they do, he is out for a revision there and then. It is to be borne in mind from the reading of this interview that after seven years of reduced tariff the progress and advancement of the country are still so rapid that the manufacturers of wagons have not yet caught up with their orders. Why should anyone, and above all manufacturer, demand changes in the tariff under which such satisfactory results have been achieved?

SCHOOL LANDS MAY BE SOLD.

Herald.
Hon. Mr. Bulyea, commissioner of public works, and J. W. Greenway, who is in charge of school lands, are in the city in connection with a matter of great interest, and importance to this part of the country, and to the Territories generally, viz., the question of placing the school lands of Alberta on the market during the coming summer.

Although nothing definite has been decided as yet, it is quite possible that all the school sections from Calgary north and within fifteen miles of the railway, will be offered for sale by auction this year. As the school lands comprise two sections in every township this means that a large quantity of very desirable land will be available for purchase and settlement. This land, which is reserved as an endowment for the schools of the Territories, will be sold on the ten year plan, with interest at five per cent, an upset price being placed on each quarter section.

SCHOOL REPORT

The following report for January of the East Edmonton School District, No. 98, is furnished on regularity, punctuality, good conduct and lessons. Fifty per cent of the total marks are required for the honor roll.

IMPORTANT MEETING

At Spruce Grove—Electors Disapprove of the Local Government Refusing The \$25,000 Grant.

At a largely attended meeting of Spruce Grove and Stoney Plain statute labor districts called to consider the revised boundaries as laid down by the Lieutenant Governor, in council, it was declared that the interests of the said districts demanded a change in the boundaries and it was moved by J. Schell, seconded by C. Wilson, that the boundaries be as follows: On the north by a line four miles north of the 14th Base line, on the south by the Saskatchewan river, on the east the line between Range 21 and 22, on the west by the 24th Meridian. Carried.

It was moved by W. M. Bristow, seconded by J. Schell, that a vote of censure be passed on our local representative for voting against the \$25,000 grant offered by the Dominion Government and carried unanimously.

POPULAR LAKE

At the last two meetings of the Popular Lake Literary Society the program took the form of a mock trial. At the former a young man (an old timer) was tried for setting fire to the school house. Though Mr. J. Mitchell prosecuted and brought up evidence to prove the charge, still under the able management of Rev. A. M. Ross, lawyer for the prisoner, a verdict of no guilty was given by the jury. This trial was started after about ten minutes preparation, but nevertheless afforded considerable amusement.

Last week a young Englishman (a new comer) was tried for stealing a watch. The evidence for the prosecution showed clearly that the lady had missed the watch soon after she had been talking to the prisoner. A local detective, upon the authority of a search warrant, had found the watch in the prisoner's car. A Liverpool detective gave evidence in regard to the price of the watch in the old country and said he would buy much like it (a lady's watch) for men and women's purses (purses). The prisoner when testifying on his own behalf stated that the lady had given him the watch as a present. Mr. Mitchell in closing the defense for the prisoner brought witnesses to corroborate this. But J. P. McKinnon, the prosecution recalled the Liverpool detective who said that the prisoner had confessed the theft and showed him the watch. Both counsels then addressed the jury.

His Worship's charge to the jury was strongly against the prisoner. The jury after retiring for a few minutes returned the verdict, guilty. Judge Donley then sentenced the prisoner to forty days and forty nights confinement in a cell and a diet of bread and water. The watch was returned to its owner, but we understand that the prisoner has since escaped.

The February elections resulted as follows: President, Rev. A. M. Ross. Vice Presidents, Wm. McCreedy, J. Schell. Secretary Treasurer, Miss M. Hutchings. Assistant Secretary, Miss Latimer. Usher, Mr. Donley.
